

SHAKA FUERTEVENTURA

Website photo list

Format guide

- Large landscape (hero banners): ~1600 × 900 px wide shots, high quality, subject centred
- Square (reviews, Instagram): 1:1 ratio, e.g. 600 × 600 px
- Portrait (team): ~500 × 600 px — head/upper body
- Gallery landscape: ~800 × 600 px or square

Preferably, the pictures should have a similar style in terms of action, colors, and editing. I was thinking of a soft color palette, maybe with low contrast?
